

Hanno®-DUO Easy 240 and DUO Easy+ 240 flashing tapes

Universal. Effective. Powerful.

- A tape quality for all application areas (indoors & outdoors)
- Variable moisture – optimum moisture management in the joint
- Stretchable – known from FI-D/FA-D = optimum processing
- Installation without additional film adhesive
- Outstanding protection against driving rain and air-tightness
- Can be plastered/rendered over

Available sizes:

width in mm	reel length in m	reels per carton
75*	25	5
100*	25	4
150*	25	2
200*	25	2

* Articles with asterisk are available ex stock

The all-in-one flashing tape

Variable moisture management ensures optimum application also with curtain-type window elements

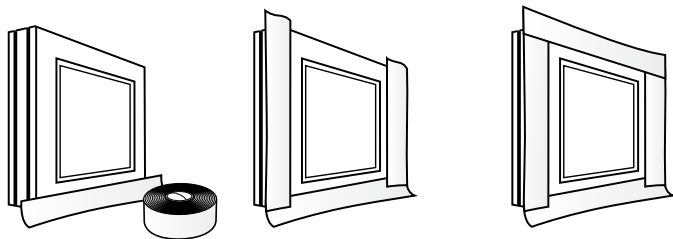

- All adhesive coats protected by film (no paper)
- Slit film cover facilitates installation
- Application related widths from 75 to 200 mm

Specifications

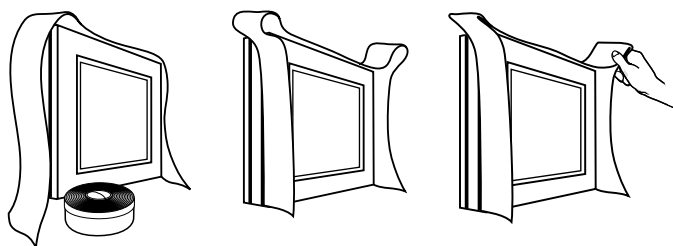

- Air-tightness $a_n \leq 0,1$
- Protection against driving rain $> 1050 \text{ Pa}$
- Moisture-variable s_d value $0.48 \leq s_d \leq 12.0 \text{ m}$
- Temperature compatibility -40°C bis $+80^\circ\text{C}$
- Processing temperature $+5^\circ\text{C}$ bis $+30^\circ\text{C}$

Can be used down to -10°C : The surface on which the tape is installed must be free from releasing film (e.g., moisture, ice or hoar frost) which would prevent contact of the adhesive with the surface.

Installation of Hanno®-DUO Easy 240

Installation of Hanno®-DUO Easy+ 240

Film cover slit in two or three strips depending on the tape width for easy installation.
